REMARKS

Applicant wishes to correct a typographic error in the Response (dated September 22, 2008) at page 3. Applicant intended to state, in the second paragraph under the heading "Rejection Under 35 U.S.C. §102," that "the rejection should be withdrawn because Zheng et al. do not teach requirements for a 'filler dispersed in the polymer matrix,' or the filler 'having functional groups capable of interacting with the analyte.'"

CONCLUSION

In view of the above remarks, it is respectfully submitted that the application is in condition for allowance and notice of the same is requested.

Respectfully submitted,
